SFYC 2022 SUMMER YOUTH EMPLOYMENT PROGRAM

Attention High Point Community Youth!!!

It's that time of year again. That is the start of our "SUMMER YOUTH EMPLOYMENT PROGRAM". The staff at SafeFutures Youth Center is excited to open up **10 summer jobs** for our youth in the community. We are excited to be able to provide this opportunity as we realize the lack of summer programs for youth during COVID-19. SafeFutures does not only want to help and prepare our youth for employment but also offer employment as well.

During SafeFutures Youth Employment Program, students will learn about the community. Not just how the community is run and operated but how they, as youth and young adults, can contribute in making their own communities great. Each day students will learn various life skills through workshops, and activities that will help them in early adulthood and prepare them for the upcoming school year. Following state and local guidelines, this internship will include online and in-person activities, meetings, and tasks.
